Summary Enthusiastic about design and development. Involved in competitive coding and algorithms for past one year.

Education **B.Tech in Information Technology, Third Year** 2017 - Present
Motilal Nehru National Institute of Technology Allahabad, Prayagraj, India CPI - 7.14/10

Secondary School - Shriji Baba Saraswati Vidya Mandir, Mathura (CBSE) 2016 (75.6%)

High School - [Shriji Baba Saraswati Vidya Mandir, Mathura](#) (CBSE) 2014 (CGPA - 9.8/10)

Areas of Interest Competitive Coding
Web Development

Technical Skills Data Structures, Algorithms, Web Development (Full Stack)

Languages - C, C++, Python, Java, Shell Script, JS

Tools/Frameworks - Django, ReactJS, STL, MySQL, Git

Projects

- **Future Trivia** : A Django based Web app to host online quizzes and online tests. Features including adding questions to quizzes using platform, Live Leaderboard. Django and JS are the tools used.
- **Live Cricker** : A CLI app written in Python which extracts live score of cricket matches. Features including choosing match from all ongoing matches, Notification timing can be set by user. Python library BeautifulSoup is used to scrap data and pynotify is used to show notifications.
- **Ecell Blog** : An online blog Web app for Ecell MNNIT. Features including searching by keywords.
- **Kody Alarm** : An simple Android app to list all upcoming contests on different online judges related to competitive coding.

Achievements and Awards

- Selected for [ACM ICPC Amritapuri Onsite](#) Regionals in 2018.
- Awarded first prize in Webster (Web Development event) under Avishkar 2017 MNNIT.
- Awarded first prize in Codotron (Competitive Coding) under Avishkar 2017 MNNIT
- Active participation on online competitive coding websites - [CodeChef](#), [Spoj](#), [CodeForces](#), etc. Member Handle - abhishekad7

Other Achievements

- After winning State and Regional Rounds, Participated in SGFI (National School Games) in event 'Field Hockey'.

Hobbies Reading about Universe, Playing Cricket
